Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Supports ovarian function.
- (2) Promotes healthy thyroid function.
- (3) By providing the building blocks necessary for proper thyroid gland function, Symplex F supports the thyroid glands' ability to maximize the potential of all food types for energy production and increases the rate of protein synthesis in most tissues.
- (4) Enhances endocrine performance.
- (5) Maintains a healthy functional relationship between these important organs and glands.
- (6) Combines the Protomorphogen™ extracts of bovine ovary, adrenal, pituitary, and thyroid glands to promote proper metabolism and healthy production of the female hormones.
- (7) Symplex F provides nutritional ingredients and support for the female hormones.

These statements are made for a dietary supplement containing a proprietary blend of magnesium citrate, bovine ovary PMG™ extract, bovine adrenal PMG™ extract, bovine pituitary PMG™ extract, bovine thyroid PMG™ extract (processed to remove its thyroxine). Other ingredients include calcium lactate, cellulose, and calcium stearate. The name of the product is Symplex® F.

97S - 0162

LET 4756

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden
Standard Process Inc.
